Dear BFCCPS Families,

The Board of Trustees is pleased to present the recently approved BFCCPS Vision Statement. Over the past 17 years, we have become one of the most successful charter schools in Massachusetts. We have developed a clearly articulated vision for our future that works in conjunction with our Central Mission, to continue our strong commitment to excellence. In an effort to promote a common understanding of the Vision, each key word has been defined.

Over the next year, you will begin to see the Vision Statement appearing on the website and throughout the school. The school administration will work with the Board of Trustees; will be meeting with members of the BFCCPS community (students, parents, teachers and staff) to define what each group can do to actively promote the Vision. Additional short and long term strategic initiatives will be identified as we strive to further improve the educational experience at BFCCPS.

We hope you will take some time to familiarize yourself with this important document.

Very Truly Yours,

Don Tappin
President, BFCCPS Board of Trustees
